

Gering: Discover Northwest Nebraska

SCOTTS BLUFF NATIONAL MONUMENT

Head west for nature escapes, ranch experiences and jaw-dropping natural attractions. Based in Gering, this trip will show your group the legacy of the pioneers and the state's early settlers.

Day 1 Gering

CARHENG

After breakfast, we head to a truly unique Nebraska stop. **Carhenge** is an exact replica of England's world-famous Stonehenge, constructed entirely from old cars in 1987. Other outdoor art displays and sculptures and a gift shop also are onsite. Now we head into Alliance for a visit to the **Knight Museum and Sandhills Center** and exhibits that depict the rich pioneer spirit of western Nebraska, the Sandhills region, Ogallala Aquifer, and other informative exhibits highlighting the region's rich culture and heritage. After lunch, we head to **Dobby's Frontier Town** to step back in time to the turn-of-the-century to see what life was like for the early settlers of the plains. Some of the places we will visit are an authentic 1889 one room schoolhouse, general store, post office, the first Black homestead in Nebraska, and a baled straw house.

We head back to Gering where we will round out the day with a wagon train dinner at **Legacy of the Plains**. While there we learn about the lives and stories of the people who explored and settled the High Plains of Nebraska. Exhibits focus on the archeology of Native American and Westward expansions, the lives of pioneering settlers, the establishment of irrigation, the diversity of cultures on the High Plains, and the innovative technologies and cultural practices of raising animals and crops in a semi-arid environment. *Overnight: Gering*

Day 2
Harrison, Crawford

After breakfast, we venture into the remote landscape of northwest Nebraska to **Agate Fossil Beds National Monument**, an internationally recognized fossil site from the Miocene Epoch. The visitor center also includes an impressive collection of artifacts gifted to James Cook by leaders of great Native American nations like Red Cloud and American Horse. We also can enjoy a behind-the-scenes peek at valuable artifacts that normally are not on display. Next, we head into Nebraska's Pine Ridge to **Fort Robinson State Historic Park**. First used as a fort from the early days of the Old West until after World War II,

today we can enjoy historic tours, jeep and stagecoach rides, and the chance to view bison and purebred Texas longhorn herds. *Overnight: Gering*

Day 3
Gering, Kimball

Start the morning at **Scotts Bluff National Monument**, an imposing natural formation which was a prominent landmark for American Indians, fur traders, and Oregon and Mormon trail pioneers. At 800 feet above the North Platte River, a drive to the summit offers a tremendous view of the entire valley and the wagon ruts still visible at the base. Lunch is a catered affair amidst the unique flora and fauna of the beautiful and rugged Wildcat Hills region at **Wildcat Hills Nature Center**.

Next, we head south along the Fossil Freeway to **Rocky Hollow Buffalo Company**. This working ranch raises grass fed bison and you will have the unique opportunity to view these majestic animals up-close and learn how they have thrived for thousands of years in western Nebraska's High Plains region. Our next stop is south of Kimball near the Nebraska-Colorado-Wyoming state lines for an informative tour of **EJE Ranch** to learn about the High Plain's short grass prairie on a working ranch and the opportunity to venture out into the prairie to see this fragile ecosystem firsthand. *Overnight: Gering*

ROCKY HOLLOW
BUFFALO COMPANY

Day 4
Gering, Bayard, Potter, Sidney

Our first stop after breakfast, we follow the footsteps of early pioneers at **Robidoux 1851 Trading Post** along the historic Oregon Trail where pioneer graves and eroded trail ruts complete the history. Now it is time to head to **Chimney Rock National Historic Site** along the **Western Trails Scenic & Historic Byway**. Chimney Rock was the most recognized landmark along the Overland Trails and today a newly renovated visitor center highlights the fascinating stories of the early westward migrating pioneers and other explorers and inhabitants. Next, we head to downtown Potter to experience small town Nebraska charm where we can step back into

the 1920s at **Potter's Historic Duckpin Bowling Alley**, a restored three-lane bowling alley and one-of-a-kind bowling experience.

After lunch at **Potter Sundry** or **Chuckaboo Station**, we round out our time in town with one of its famous Tin Roof Sundaes (vanilla ice cream, chocolate syrup, chocolate ice cream, marshmallow cream, and nuts). Next stop is **Camp Lookout**, the oldest building in Sidney. Initially built as housing for soldiers in 1867 to protect railroad workers on the Union Pacific railroad from attacks by the Sioux and Cheyenne, today re-enactors entertain you with stories of the building and its many colorful inhabitants over the years. Once the sun goes down, spend a ghostly good time grave dousing at **Sidney's Boot Hill Cemetery**.

DUCK PIN BOWLING
